

ESORICS

CALL for ESORICS WORKSHOP PROPOSALS

27th European Symposium on Research in Computer Security
Copenhagen, Denmark, 26-30 September 2022

Overview

ESORICS is the annual European research event in Computer Security. Proposals are solicited for workshops to be held in conjunction with ESORICS 2022. A workshop should aim at providing a forum on emerging topics of high interest to the security and privacy community.

In the workshop selection, particular consideration will be paid to:

- Its potential interest for the security and privacy community.
- Its novelty with respect to other forums, especially with respect to other ESORICS workshops.
- Its likely impact on the targeted community, including likely high participation.

The duration of a workshop can be half day, one day or two days.

Workshop Chairs

Mauro Conti (University of Padua, Italy)
Jianying Zhou (SUTD, Singapore)

Important Dates

Workshop proposals due: February 12, 2022
Notification of decision: March 01, 2022

Submitting a Workshop Proposal

To submit a proposal, send an email to the Workshop Chairs with the information requested in the application form.

The following application form should be used (also available in Doc format [here](#).)
